For Kids' Sake

Divorce is a painful and confusing experience for all children. Research indicates that the manner in which parents handle divorce can have a direct effect on children's adjustments. Even the most loving and caring parents find it difficult to focus on their children's needs during such a traumatic time--and they seldom have the necessary skills to help their children with the resulting change and loss. For Kids' Sake Seminars are designed to help parents gain insight into the needs of their children during the transition of divorce. Registration may be done over the phone using VISA or MC.

SPECIAL INTEREST

Book Proposal Blitz

Have you always wanted to write a book and get paid to have it published? If so, you need to know how to craft a winning book proposal! Even if you plan on publishing/promoting your own book, a proposal is a great way to hone your idea and make it more attractive to readers. Our instructor/professional author will share tips on how to grab and keep an editor's attention. She'll share an overview of what exactly goes into a proposal, give specifics of what kind of research you'll need to do, and provide a take-home copy of one of her proposals that received a contract. By the time your "blitz" is over, you'll be well-equipped to journey into the world of publishing.

**Quilting 101**

(ages 12 yrs - adult)

This is an ideal class to learn how to piece a simple quilt top, size 48 x 57. The pattern being used is called Yellow Brick Road. The quilt can be made larger according to the pattern, however the class supplies are for the smallest size, using only 6 fat quarters for piecing and 1 1/2 yards of fabric for the borders and binding. During this class you will learn to use a rotary cutter & mat, and speed piece using YOUR portable sewing machine. A sewing machine during class period is optional. You may sew at home, returning the following week for the next step. Sewing will be done at the teacher's machine, mostly as demo, however, if you wish, you may bring your machine to sew in class. If so, it should be in good working order, and young students should be accompanied by an adult who is familiar with the machine operation. **NOTE:** We will cut the binding in class. However, the process of quilting and binding the quilt will be discussed, but are not a part of this class format - the class is for completing the quilt top only. Pick up supply list from Community Ed office. Also, please pre-wash your fabrics and have them pressed when you arrive at class. A sample of the quilt being made can be seen at Pocketful of Poseys Quilt Shop, 311 E Highway St.
